**2. Significant Research Product:** All students must complete a 297 (Directed Research) graduate course (4 units) with a AMMP affiliated faculty member that produces an approximately 25-page research paper. This paper will fulfill the research requirement of the DE. Students may ask to write their research project within a graduate seminar, as approved by the DE director. If they request this option, the seminar in question will replace the required 297 units and cannot be used for PhD units.
